

SEBI Grade A IT

Your 180-day preparation handbook

Four focused hours a day. 26 weeks. Learn, practise, recall and review.

This independent study guide uses the official 2025 recruitment notice as its baseline. The next exam date is not assumed. Verify any newer notice at <https://www.sebi.gov.in/sebiweb/about/AboutAction.do?doVacancies=yes>

How to study

Choose your start date in Settings. The tracker schedules Day 1 from that date.

Open Today's Targets, follow each linked lesson, and mark a task complete after doing the work.

Use the timer or manually log study minutes. Completing a checkbox does not invent study hours.

Every seventh plan day is review and testing, regardless of calendar weekday.

Use the included original question bank to learn. Supplement it with full-length mocks and the official handout.

Export progress regularly. Import replaces another device's progress; local document files must be transferred separately.

Core lessons come first. Supplementary computer science and interview references are not claimed to be separate weighted exam topics.

Weekly targets

Week 1: Programming foundations. Days 1-7.

Week 2: Data structures. Days 8-14.

Week 3: Algorithm design. Days 15-21.

Week 4: Database foundations. Days 22-28.

Week 5: SQL and data models. Days 29-35.

Week 6: Python and R analytics. Days 36-42.

Week 7: Computer networks. Days 43-49.

Week 8: Protocols and security. Days 50-56.

Week 9: Security and shell. Days 57-63.

Week 10: Programming fluency. Days 64-70.

Week 11: Phase II algorithms and structures. Days 71-77.

Week 12: Consolidate the core syllabus. Days 78-84.

Week 13: Revision / Programming foundations. Days 85-91.

Week 14: Revision / Data structures. Days 92-98.

Week 15: Revision / Algorithm design. Days 99-105.

Week 16: Revision / Database foundations. Days 106-112.

Week 17: Revision / SQL and data models. Days 113-119.

Week 18: Revision / Python and R analytics. Days 120-126.

Week 19: Mock practice / Computer networks. Days 127-133.

Week 20: Mock practice / Protocols and security. Days 134-140.

Week 21: Mock practice / Security and shell. Days 141-147.

Week 22: Mock practice / Programming fluency. Days 148-154.

Week 23: Mock practice / Phase II algorithms and structures. Days 155-161.

Week 24: Mock practice / Consolidate the core syllabus. Days 162-168.

Week 25: Final review / Programming foundations. Days 169-175.

Week 26: Final review / Data structures. Days 176-180.

Week 1 / Programming foundations

Weeks 1-12 / Core learning

Day 1 / 240 minutes

[] 90 min / Learn: C Programming - Fundamentals. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Indian Financial System - Structure & Regulators. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 2 / 240 minutes

[] 90 min / Learn: Pointers, Arrays, Strings and Memory. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 3 / 240 minutes

[] 90 min / Learn: C++ fundamentals and object behaviour. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 4 / 240 minutes

- [] 90 min / Learn: Object-Oriented Programming. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 5 / 240 minutes

- [] 90 min / Learn: Java Essentials. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: SEBI - Establishment, Structure, Powers and Functions. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 6 / 240 minutes

- [] 90 min / Learn: Output-Based and Code-Tracing Questions. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 7 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 2 / Data structures

Weeks 1-12 / Core learning

Day 8 / 240 minutes

- [] 90 min / Learn: Complexity Analysis. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read one dated official SEBI release; save source and three takeaways
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 9 / 240 minutes

- [] 90 min / Learn: Arrays, Linked Lists, Stacks and Queues. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: SEBI Act, 1992 - Sections, Penalties and Appeals. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read a dated RBI release and explain its terms
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 10 / 240 minutes

- [] 90 min / Learn: Trees, BSTs, Heaps and Balanced Trees. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read an official investor-education page and make five recall prompts
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 11 / 240 minutes

- [] 90 min / Learn: Hashing. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 12 / 240 minutes

- [] 90 min / Learn: Graphs. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 13 / 240 minutes

- [] 90 min / Learn: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Securities Contracts (Regulation) Act, 1956 (SCRA). Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 14 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 3 / Algorithm design

Weeks 1-12 / Core learning

Day 15 / 240 minutes

[] 90 min / Learn: Sorting and Searching. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data Interpretation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 16 / 240 minutes

[] 90 min / Learn: Algorithm Design Paradigms. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 17 / 240 minutes

[] 90 min / Learn: Complexity Analysis. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Depositories Act, 1996 - Dematerialisation and Settlement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 18 / 240 minutes

[] 90 min / Learn: Graphs. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

- [] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 19 / 240 minutes

- [] 90 min / Learn: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Number Series, Quadratic Comparison and Simplification. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 20 / 240 minutes

- [] 90 min / Learn: Output-Based and Code-Tracing Questions. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Data sufficiency and critical reasoning. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 21 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
 - [] 40 min / Phase I IT simulation: 40-minute objective set
 - [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
 - [] 35 min / Clear two highest-priority unfinished tasks from this week
 - [] 25 min / Review this week's current-affairs notes from memory
 - [] 20 min / Plan next week and export a progress backup
- Actual minutes: _____ Main mistake: _____ Next review: _____

Week 4 / Database foundations

Weeks 1-12 / Core learning

Day 22 / 240 minutes

[] 90 min / Learn: DBMS Architecture and Data Modelling. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Vocabulary, Idioms and Word Usage. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 23 / 240 minutes

[] 90 min / Learn: Relational Model, Keys and Relational Algebra. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Permutation, Combination and Probability. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 24 / 240 minutes

[] 90 min / Learn: Normalisation and Functional Dependencies. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 25 / 240 minutes

[] 90 min / Learn: Indexing, B+ Trees and File Organisation. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Primary Market - IPOs, Book Building, ASBA and UPI. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 26 / 240 minutes

[] 90 min / Learn: Transactions, ACID and Recovery. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 27 / 240 minutes

[] 90 min / Learn: Concurrency Control. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Speed Maths and the Formula Sheet. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 28 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 5 / SQL and data models

Weeks 1-12 / Core learning

Day 29 / 240 minutes

[] 90 min / Learn: SQL - The Core You Must Be Able to Write. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Secondary Market - Exchanges, Indices, Trading and Settlement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 30 / 240 minutes

[] 90 min / Learn: Advanced SQL - Views, Indexes, Triggers, Window Functions. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 31 / 240 minutes

[] 90 min / Learn: Relational Model, Keys and Relational Algebra. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 32 / 240 minutes

[] 90 min / Learn: NoSQL, Data Warehousing and Distributed Databases. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 33 / 240 minutes

[] 90 min / Learn: Data warehousing, ETL and analytical models. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Market Instruments - Equity, Debt and Hybrids. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 34 / 240 minutes

[] 90 min / Learn: SQL - The Core You Must Be Able to Write. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 35 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 6 / Python and R analytics

Weeks 1-12 / Core learning

Day 36 / 240 minutes

- [] 90 min / Learn: Python Essentials. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read one dated official SEBI release; save source and three takeaways
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 37 / 240 minutes

- [] 90 min / Learn: Python analytics: slicing, regex, files and dataframes. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Derivatives - Futures, Options and Regulation. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read a dated RBI release and explain its terms
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 38 / 240 minutes

- [] 90 min / Learn: R essentials for data analysis. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read an official investor-education page and make five recall prompts
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 39 / 240 minutes

- [] 90 min / Learn: Python analytics: slicing, regex, files and dataframes. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 40 / 240 minutes

[] 90 min / Learn: Data warehousing, ETL and analytical models. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 41 / 240 minutes

[] 90 min / Learn: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Mutual Funds, AIFs and Portfolio Management. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 42 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 7 / Computer networks

Weeks 1-12 / Core learning

Day 43 / 240 minutes

[] 90 min / Learn: OSI and TCP/IP Models. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data Interpretation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 44 / 240 minutes

[] 90 min / Learn: Physical Layer, Media, Topologies and Switching. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data sufficiency and critical reasoning. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 45 / 240 minutes

[] 90 min / Learn: Data Link Layer - Framing, Error Control and Flow Control. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: The SEBI Regulations You Must Know By Name. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 46 / 240 minutes

☐ 90 min / Learn: MAC Sublayer, Ethernet and LAN Devices. Read the lesson, work examples, then explain it without notes.

☐ 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

☐ 40 min / Common paper: Vocabulary, Idioms and Word Usage. Work examples and record mistakes.

☐ 20 min / English: one passage or grammar drill; explain each answer

☐ 20 min / Review a recent Budget or Economic Survey section

☐ 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

☐ 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 47 / 240 minutes

☐ 90 min / Learn: Network Layer - IP Addressing and Subnetting. Read the lesson, work examples, then explain it without notes.

☐ 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

☐ 40 min / Common paper: Number Series, Quadratic Comparison and Simplification. Work examples and record mistakes.

☐ 20 min / English: one passage or grammar drill; explain each answer

☐ 20 min / Update your current-affairs log; distinguish facts from opinion

☐ 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

☐ 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 48 / 240 minutes

☐ 90 min / Learn: Routing Algorithms and Protocols. Read the lesson, work examples, then explain it without notes.

☐ 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

☐ 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.

☐ 20 min / English: one passage or grammar drill; explain each answer

☐ 20 min / Recall this week's entries without looking

☐ 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

☐ 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 49 / 240 minutes

☐ 60 min / Phase I Paper 1 simulation: follow the current handout question count

☐ 40 min / Phase I IT simulation: 40-minute objective set

☐ 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

☐ 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 8 / Protocols and security

Weeks 1-12 / Core learning

Day 50 / 240 minutes

[] 90 min / Learn: Transport Layer - TCP and UDP. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 51 / 240 minutes

[] 90 min / Learn: Application Layer Protocols. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Permutation, Combination and Probability. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 52 / 240 minutes

[] 90 min / Learn: Network Security Devices and Controls. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 53 / 240 minutes

[] 90 min / Learn: Information Security - Fundamentals. Read the lesson, work examples, then explain it without notes.

- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Investor Protection, Grievance Redress and ODR. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 54 / 240 minutes

- [] 90 min / Learn: Authentication, Authorisation and Identity. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 55 / 240 minutes

- [] 90 min / Learn: Attacks, Malware and Threats. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Speed Maths and the Formula Sheet. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 56 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory
- [] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 9 / Security and shell

Weeks 1-12 / Core learning

Day 57 / 240 minutes

- [] 90 min / Learn: Cryptography. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: RBI, Monetary Policy and the Banking System. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read one dated official SEBI release; save source and three takeaways
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 58 / 240 minutes

- [] 90 min / Learn: Hashing, Digital Signatures and PKI. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read a dated RBI release and explain its terms
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 59 / 240 minutes

- [] 90 min / Learn: Defence - SOC, SIEM, Zero Trust and Hardening. Read the lesson, work examples, then explain it without notes.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read an official investor-education page and make five recall prompts
- [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 60 / 240 minutes

[] 90 min / Learn: Standards, Frameworks, Audit and BCP. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 61 / 240 minutes

[] 90 min / Learn: UNIX commands and shell scripting. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Other Regulators and Institutions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 62 / 240 minutes

[] 90 min / Learn: UNIX commands and shell scripting. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 63 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 10 / Programming fluency

Weeks 1-12 / Core learning

Day 64 / 240 minutes

[] 90 min / Learn: C Programming - Fundamentals. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 65 / 240 minutes

[] 90 min / Learn: C++ fundamentals and object behaviour. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Indian Economy - The Part That Gets Asked. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 66 / 240 minutes

[] 90 min / Learn: Java Essentials. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Vocabulary, Idioms and Word Usage. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 67 / 240 minutes

[] 90 min / Learn: Python Essentials. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 68 / 240 minutes

[] 90 min / Learn: Object-Oriented Programming. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data sufficiency and critical reasoning. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 69 / 240 minutes

[] 90 min / Learn: Output-Based and Code-Tracing Questions. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Static GK - The Shortlist Worth Memorising. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 70 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 11 / Phase II algorithms and structures

Weeks 1-12 / Core learning

Day 71 / 240 minutes

[] 90 min / Learn: Arrays, Linked Lists, Stacks and Queues. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data Interpretation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 72 / 240 minutes

[] 90 min / Learn: Trees, BSTs, Heaps and Balanced Trees. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 73 / 240 minutes

[] 90 min / Learn: Sorting and Searching. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Current Affairs - The Method, Not the Material. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 74 / 240 minutes

[] 90 min / Learn: Algorithm Design Paradigms. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

- [] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 75 / 240 minutes

- [] 90 min / Learn: Hashing. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Number Series, Quadratic Comparison and Simplification. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 76 / 240 minutes

- [] 90 min / Learn: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 77 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
 - [] 40 min / Phase I IT simulation: 40-minute objective set
 - [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
 - [] 35 min / Clear two highest-priority unfinished tasks from this week
 - [] 25 min / Review this week's current-affairs notes from memory
 - [] 20 min / Plan next week and export a progress backup
- Actual minutes: _____ Main mistake: _____ Next review: _____

Week 12 / Consolidate the core syllabus

Weeks 1-12 / Core learning

Day 78 / 240 minutes

[] 90 min / Learn: Advanced SQL - Views, Indexes, Triggers, Window Functions. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 79 / 240 minutes

[] 90 min / Learn: Python analytics: slicing, regex, files and dataframes. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Permutation, Combination and Probability. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 80 / 240 minutes

[] 90 min / Learn: R essentials for data analysis. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 81 / 240 minutes

[] 90 min / Learn: Data warehousing, ETL and analytical models. Read the lesson, work examples, then explain it without notes.

- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Indian Financial System - Structure & Regulators. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 82 / 240 minutes

- [] 90 min / Learn: UNIX commands and shell scripting. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 83 / 240 minutes

- [] 90 min / Learn: Information Security - Fundamentals. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Speed Maths and the Formula Sheet. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 84 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 13 / Revision / Programming foundations

Weeks 13-18 / Recall and code tracing

Day 85 / 240 minutes

[] 90 min / Recall and apply: C Programming - Fundamentals. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: SEBI - Establishment, Structure, Powers and Functions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 86 / 240 minutes

[] 90 min / Recall and apply: Pointers, Arrays, Strings and Memory. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 87 / 240 minutes

[] 90 min / Recall and apply: C++ fundamentals and object behaviour. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 88 / 240 minutes

[] 90 min / Recall and apply: Object-Oriented Programming. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 89 / 240 minutes

[] 90 min / Recall and apply: Java Essentials. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: SEBI Act, 1992 - Sections, Penalties and Appeals. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 90 / 240 minutes

[] 70 min / Recall and apply: Output-Based and Code-Tracing Questions. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 91 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 14 / Revision / Data structures

Weeks 13-18 / Recall and code tracing

Day 92 / 240 minutes

[] 90 min / Recall and apply: Complexity Analysis. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data sufficiency and critical reasoning. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 93 / 240 minutes

[] 90 min / Recall and apply: Arrays, Linked Lists, Stacks and Queues. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Securities Contracts (Regulation) Act, 1956 (SCRA). Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 94 / 240 minutes

[] 90 min / Recall and apply: Trees, BSTs, Heaps and Balanced Trees. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 95 / 240 minutes

[] 90 min / Recall and apply: Hashing. Read the lesson, work examples, then explain it without notes.

- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 96 / 240 minutes

- [] 90 min / Recall and apply: Graphs. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 97 / 240 minutes

- [] 70 min / Recall and apply: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 98 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory
- [] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 15 / Revision / Algorithm design

Weeks 13-18 / Recall and code tracing

Day 99 / 240 minutes

[] 90 min / Recall and apply: Sorting and Searching. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data Interpretation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 100 / 240 minutes

[] 90 min / Recall and apply: Algorithm Design Paradigms. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 101 / 240 minutes

[] 90 min / Recall and apply: Complexity Analysis. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Primary Market - IPOs, Book Building, ASBA and UPI. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 102 / 240 minutes

[] 90 min / Recall and apply: Graphs. Read the lesson, work examples, then explain it without notes.

- ☐ 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - ☐ 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.
 - ☐ 20 min / English: one passage or grammar drill; explain each answer
 - ☐ 20 min / Review a recent Budget or Economic Survey section
 - ☐ 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - ☐ 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 103 / 240 minutes

- ☐ 90 min / Recall and apply: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.
 - ☐ 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - ☐ 40 min / Common paper: Number Series, Quadratic Comparison and Simplification. Work examples and record mistakes.
 - ☐ 20 min / English: one passage or grammar drill; explain each answer
 - ☐ 20 min / Update your current-affairs log; distinguish facts from opinion
 - ☐ 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - ☐ 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 104 / 240 minutes

- ☐ 70 min / Recall and apply: Output-Based and Code-Tracing Questions. Read the lesson, work examples, then explain it without notes.
 - ☐ 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - ☐ 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric
 - ☐ 20 min / English: one passage or grammar drill; explain each answer
 - ☐ 20 min / Recall this week's entries without looking
 - ☐ 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - ☐ 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 105 / 240 minutes

- ☐ 60 min / Phase I Paper 1 simulation: follow the current handout question count
- ☐ 40 min / Phase I IT simulation: 40-minute objective set
- ☐ 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- ☐ 35 min / Clear two highest-priority unfinished tasks from this week
- ☐ 25 min / Review this week's current-affairs notes from memory
- ☐ 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 16 / Revision / Database foundations

Weeks 13-18 / Recall and code tracing

Day 106 / 240 minutes

[] 90 min / Recall and apply: DBMS Architecture and Data Modelling. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 107 / 240 minutes

[] 90 min / Recall and apply: Relational Model, Keys and Relational Algebra. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Permutation, Combination and Probability. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 108 / 240 minutes

[] 90 min / Recall and apply: Normalisation and Functional Dependencies. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 109 / 240 minutes

[] 90 min / Recall and apply: Indexing, B+ Trees and File Organisation. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Secondary Market - Exchanges, Indices, Trading and Settlement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 110 / 240 minutes

[] 90 min / Recall and apply: Transactions, ACID and Recovery. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 111 / 240 minutes

[] 70 min / Recall and apply: Concurrency Control. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 112 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 17 / Revision / SQL and data models

Weeks 13-18 / Recall and code tracing

Day 113 / 240 minutes

[] 90 min / Recall and apply: SQL - The Core You Must Be Able to Write. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Market Instruments - Equity, Debt and Hybrids. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 114 / 240 minutes

[] 90 min / Recall and apply: Advanced SQL - Views, Indexes, Triggers, Window Functions. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Vocabulary, Idioms and Word Usage. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 115 / 240 minutes

[] 90 min / Recall and apply: Relational Model, Keys and Relational Algebra. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 116 / 240 minutes

[] 90 min / Recall and apply: NoSQL, Data Warehousing and Distributed Databases. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data sufficiency and critical reasoning. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 117 / 240 minutes

[] 90 min / Recall and apply: Data warehousing, ETL and analytical models. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Derivatives - Futures, Options and Regulation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 118 / 240 minutes

[] 70 min / Recall and apply: SQL - The Core You Must Be Able to Write. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 119 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 18 / Revision / Python and R analytics

Weeks 13-18 / Recall and code tracing

Day 120 / 240 minutes

[] 90 min / Recall and apply: Python Essentials. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 121 / 240 minutes

[] 90 min / Recall and apply: Python analytics: slicing, regex, files and dataframes. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Mutual Funds, AIFs and Portfolio Management. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 122 / 240 minutes

[] 90 min / Recall and apply: R essentials for data analysis. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 123 / 240 minutes

[] 90 min / Recall and apply: Python analytics: slicing, regex, files and dataframes. Read the lesson, work examples, then explain it without notes.

- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 124 / 240 minutes

- [] 90 min / Recall and apply: Data warehousing, ETL and analytical models. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 125 / 240 minutes

- [] 70 min / Recall and apply: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 126 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory
- [] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 19 / Mock practice / Computer networks

Weeks 19-24 / Mocks and weak areas

Day 127 / 240 minutes

[] 90 min / Repair weak points: OSI and TCP/IP Models. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data Interpretation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 128 / 240 minutes

[] 90 min / Repair weak points: Physical Layer, Media, Topologies and Switching. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 129 / 240 minutes

[] 90 min / Repair weak points: Data Link Layer - Framing, Error Control and Flow Control. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Investor Protection, Grievance Redress and ODR. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 130 / 240 minutes

[] 90 min / Repair weak points: MAC Sublayer, Ethernet and LAN Devices. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 131 / 240 minutes

[] 90 min / Repair weak points: Network Layer - IP Addressing and Subnetting. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Number Series, Quadratic Comparison and Simplification. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 132 / 240 minutes

[] 70 min / Repair weak points: Routing Algorithms and Protocols. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 133 / 240 minutes

[] 180 min / Phase II IT simulation: objective code/logic questions, 180 minutes. Use an external full mock or repeated original practice sets.

[] 60 min / Analyse every wrong/skipped answer; log result and top three gaps

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 20 / Mock practice / Protocols and security

Weeks 19-24 / Mocks and weak areas

Day 134 / 240 minutes

[] 90 min / Repair weak points: Transport Layer - TCP and UDP. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 135 / 240 minutes

[] 90 min / Repair weak points: Application Layer Protocols. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Permutation, Combination and Probability. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 136 / 240 minutes

[] 90 min / Repair weak points: Network Security Devices and Controls. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data sufficiency and critical reasoning. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 137 / 240 minutes

- [] 90 min / Repair weak points: Information Security - Fundamentals. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: RBI, Monetary Policy and the Banking System. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 138 / 240 minutes

- [] 90 min / Repair weak points: Authentication, Authorisation and Identity. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Vocabulary, Idioms and Word Usage. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 139 / 240 minutes

- [] 70 min / Repair weak points: Attacks, Malware and Threats. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 140 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 21 / Mock practice / Security and shell

Weeks 19-24 / Mocks and weak areas

Day 141 / 240 minutes

[] 90 min / Repair weak points: Cryptography. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Other Regulators and Institutions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 142 / 240 minutes

[] 90 min / Repair weak points: Hashing, Digital Signatures and PKI. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 143 / 240 minutes

[] 90 min / Repair weak points: Defence - SOC, SIEM, Zero Trust and Hardening. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 144 / 240 minutes

[] 90 min / Repair weak points: Standards, Frameworks, Audit and BCP. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 145 / 240 minutes

[] 90 min / Repair weak points: UNIX commands and shell scripting. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Indian Economy - The Part That Gets Asked. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 146 / 240 minutes

[] 70 min / Repair weak points: UNIX commands and shell scripting. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 147 / 240 minutes

[] 180 min / Phase II IT simulation: objective code/logic questions, 180 minutes. Use an external full mock or repeated original practice sets.

[] 60 min / Analyse every wrong/skipped answer; log result and top three gaps

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 22 / Mock practice / Programming fluency

Weeks 19-24 / Mocks and weak areas

Day 148 / 240 minutes

[] 90 min / Repair weak points: C Programming - Fundamentals. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 149 / 240 minutes

[] 90 min / Repair weak points: C++ fundamentals and object behaviour. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Static GK - The Shortlist Worth Memorising. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 150 / 240 minutes

[] 90 min / Repair weak points: Java Essentials. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Grammar - The Rules That Actually Get Tested. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 151 / 240 minutes

[] 90 min / Repair weak points: Python Essentials. Read the lesson, work examples, then explain it without notes.

- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Review a recent Budget or Economic Survey section
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 152 / 240 minutes

- [] 90 min / Repair weak points: Object-Oriented Programming. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Update your current-affairs log; distinguish facts from opinion
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 153 / 240 minutes

- [] 70 min / Repair weak points: Output-Based and Code-Tracing Questions. Read the lesson, work examples, then explain it without notes.
 - [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
 - [] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric
 - [] 20 min / English: one passage or grammar drill; explain each answer
 - [] 20 min / Recall this week's entries without looking
 - [] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days
 - [] 15 min / English drafting: plan, type or edit one section of an answer
- Actual minutes: _____ Main mistake: _____ Next review: _____

Day 154 / 240 minutes

- [] 60 min / Phase I Paper 1 simulation: follow the current handout question count
- [] 40 min / Phase I IT simulation: 40-minute objective set
- [] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time
- [] 35 min / Clear two highest-priority unfinished tasks from this week
- [] 25 min / Review this week's current-affairs notes from memory
- [] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 23 / Mock practice / Phase II algorithms and structures

Weeks 19-24 / Mocks and weak areas

Day 155 / 240 minutes

[] 90 min / Repair weak points: Arrays, Linked Lists, Stacks and Queues. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Data Interpretation. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 156 / 240 minutes

[] 90 min / Repair weak points: Trees, BSTs, Heaps and Balanced Trees. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 157 / 240 minutes

[] 90 min / Repair weak points: Sorting and Searching. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Indian Financial System - Structure & Regulators. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 158 / 240 minutes

[] 90 min / Repair weak points: Algorithm Design Paradigms. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 159 / 240 minutes

[] 90 min / Repair weak points: Hashing. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Number Series, Quadratic Comparison and Simplification. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 160 / 240 minutes

[] 70 min / Repair weak points: Strings, pattern matching, matrices and JSON. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 161 / 240 minutes

[] 180 min / Phase II IT simulation: objective code/logic questions, 180 minutes. Use an external full mock or repeated original practice sets.

[] 60 min / Analyse every wrong/skipped answer; log result and top three gaps

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 24 / Mock practice / Consolidate the core syllabus

Weeks 19-24 / Mocks and weak areas

Day 162 / 240 minutes

[] 90 min / Repair weak points: Advanced SQL - Views, Indexes, Triggers, Window Functions. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Vocabulary, Idioms and Word Usage. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 163 / 240 minutes

[] 90 min / Repair weak points: Python analytics: slicing, regex, files and dataframes. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Permutation, Combination and Probability. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 164 / 240 minutes

[] 90 min / Repair weak points: R essentials for data analysis. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Seating, floor and scheduling puzzles. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 165 / 240 minutes

[] 90 min / Repair weak points: Data warehousing, ETL and analytical models. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: SEBI - Establishment, Structure, Powers and Functions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 166 / 240 minutes

[] 90 min / Repair weak points: UNIX commands and shell scripting. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Reading Comprehension - Method. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 167 / 240 minutes

[] 70 min / Repair weak points: Information Security - Fundamentals. Read the lesson, work examples, then explain it without notes.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Recall yesterday's lesson and clear due flashcards; revisit weak topics after 1, 3 and 7 days

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 168 / 240 minutes

[] 60 min / Phase I Paper 1 simulation: follow the current handout question count

[] 40 min / Phase I IT simulation: 40-minute objective set

[] 60 min / Log mock scores and classify errors: knowledge, reading, calculation or time

[] 35 min / Clear two highest-priority unfinished tasks from this week

[] 25 min / Review this week's current-affairs notes from memory

[] 20 min / Plan next week and export a progress backup

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 25 / Final review / Programming foundations

Weeks 25-26 / Final consolidation

Day 169 / 240 minutes

[] 90 min / Final recall: C Programming - Fundamentals. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: SEBI Act, 1992 - Sections, Penalties and Appeals. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read one dated official SEBI release; save source and three takeaways

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 170 / 240 minutes

[] 90 min / Final recall: Pointers, Arrays, Strings and Memory. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Cloze Test, Fillers and Sentence Completion. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read a dated RBI release and explain its terms

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 171 / 240 minutes

[] 90 min / Final recall: C++ fundamentals and object behaviour. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Quant Foundations - Number System and Algebra. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Read an official investor-education page and make five recall prompts

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 172 / 240 minutes

[] 90 min / Final recall: Object-Oriented Programming. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Syllogisms and logical conclusions. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 173 / 240 minutes

[] 90 min / Final recall: Java Essentials. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Securities Contracts (Regulation) Act, 1956 (SCRA). Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 174 / 240 minutes

[] 70 min / Final recall: Output-Based and Code-Tracing Questions. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 60 min / Timed English descriptive session: follow your current handout and review against the writing rubric

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Recall this week's entries without looking

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 175 / 240 minutes

[] 180 min / Phase II IT simulation: objective code/logic questions, 180 minutes. Use an external full mock or repeated original practice sets.

[] 60 min / Analyse every wrong/skipped answer; log result and top three gaps

Actual minutes: _____ Main mistake: _____ Next review: _____

Week 26 / Final review / Data structures

Weeks 25-26 / Final consolidation

Day 176 / 240 minutes

- [] 90 min / Final recall: Complexity Analysis. Use your error log; avoid adding new resources.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Direct and coded inequalities. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read one dated official SEBI release; save source and three takeaways
- [] 20 min / Explain one original interview scenario aloud and revise a weak topic
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 177 / 240 minutes

- [] 90 min / Final recall: Arrays, Linked Lists, Stacks and Queues. Use your error log; avoid adding new resources.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Depositories Act, 1996 - Dematerialisation and Settlement. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read a dated RBI release and explain its terms
- [] 20 min / Explain one original interview scenario aloud and revise a weak topic
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 178 / 240 minutes

- [] 90 min / Final recall: Trees, BSTs, Heaps and Balanced Trees. Use your error log; avoid adding new resources.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation
- [] 40 min / Common paper: Para Jumbles and Sentence Rearrangement. Work examples and record mistakes.
- [] 20 min / English: one passage or grammar drill; explain each answer
- [] 20 min / Read an official investor-education page and make five recall prompts
- [] 20 min / Explain one original interview scenario aloud and revise a weak topic
- [] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 179 / 240 minutes

- [] 90 min / Final recall: Hashing. Use your error log; avoid adding new resources.
- [] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Arithmetic - Percentage, Ratio, Profit, Interest, Time and Work. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Review a recent Budget or Economic Survey section

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____

Day 180 / 240 minutes

[] 90 min / Final recall: Graphs. Use your error log; avoid adding new resources.

[] 35 min / Solve 10-20 original practice questions; trace all variables before checking the explanation

[] 40 min / Common paper: Directions, relations, ranking and coding. Work examples and record mistakes.

[] 20 min / English: one passage or grammar drill; explain each answer

[] 20 min / Update your current-affairs log; distinguish facts from opinion

[] 20 min / Explain one original interview scenario aloud and revise a weak topic

[] 15 min / English drafting: plan, type or edit one section of an answer

Actual minutes: _____ Main mistake: _____ Next review: _____
